beginning to move in. The quality of the site and the homes was noted by a number of councillors
who had attended a visit organised by WWHA. Councillors expressed their welcome for
the residents and wished them well in their new homes. WWHA are looking at including the
remainder of the development land in the next iteration of LDP 2 which hopefully will include a
mixed tenure development, which would allow part rent, part purchase. Future development of
the remaining site will be subject to the availability of government funding in the future.
